# BROUBART SECURITY

## PASSIONATE ABOUT YOUR PROTECTION

Specialising in commercial, industrial and retail full time or once-off security. We are able to provide trained and experienced security officers to meet your specific needs.

Our dedicated Security Officers, registered and with clean records, receive ongoing, specialised training to meet the highest standards. They are prepared for your unique needs and possess skills in areas like public relations, patrolling, observation, firefighting, prevention, and first aid. They excel in search procedures, efficient communication, and swift response times, ensuring first-class service and protection.

## OUR SERVICES INCLUDE

- Man-guarding: Armed or unarmed
- Access control
- Private investigations
- VIP protection & event security
- Registered PSIRA security officers
- Integrity test / voice polygraph
- Public spaces community patrol
- Security risk profile analysis

## A COMMUNITY AI SURVEILLANCE NETWORK

A collaborative initiative that leverages Artificial Intelligence and advanced camera technology to enhance security within a close community of 6-8 homes. By strategically placing cameras equipped with AI capabilities, this network can monitor and analyse various activities, identify potential threats, and provide real-time alerts to our iCentre: A valuable tool in deterring criminal activity, improving emergency response times, and enhancing security among close neighbours.

- 96% Accuracy on threat detection
- CCTV notifies iCentre if threat is real
- Real-time monitoring
- Response team dispatched
